BRIEF ABSTRACT OF LETTER

Forwards Resolution dated 26 3. 57 of the municipal Council on the subject

NOTES AND ORDERS

The Municipal Council state the steps taken to augment the Resources of the Municipality, states that after the exclusion of 7 outlying villages where the municipal taxes whose Revenue is less a part of the cost of providing municipal amenities and the increasing needs of city and the high cost of labour and materials, etc the sources are inadequate to meet the demands of the municipal Council

2) Previously grants from Govt have been

11/1/52

Sale grant under - Planned post-war Development Scheme VT6626/ml

---

22) File bearing D no 6359/ml Relating to the Repairs of Roads inside the palace has been submitted to the Chief Secretary on 31.1.52 The proposal of the municipal council in that file was to have the Roads inside the palace at Mysore which are used on all the Seasons by the public repaired from out of the post war Development grant of Rs 50,000/ allotted to the Mysore city municipality for the year 1951 52 As the responsibility of the municipal Council for the maintenance of these Roads is not categorically defined in the Government order Regarding meeting the cost of upkeep of the palaces at Mysore and ornamental, this question is still under examination at between the Chief and the H & S G Secretariats. Even if should the decision on that file be that the municipality has to bear the cost involved it does not necessarily mean that it should be out of the post war Development grant As such the proposal for retaining the grant may perhaps be considered independently of that question now

23) The Hon'ble Minister for H & S G has been pleased to order at para 17 above that proposals and estimates for the improvement of Bedarbudekere and Kalasagere in Mysore city may be obtained to consider the grant of Rs grant from out of the post war Development grant of Rs 50 000/ for this purpose The Municipal Commr was addressed accordingly on this office letter dated 8.1.52

24) The Municipal Commr has now sent detailed proposals as approved by the municipal

State grants under Post-war development Schs
66 26/ml

Consent for the acceptance of the current year's grant The main points of the proposals are as follows -

(a) The exclusion of the grant of Rs 13,894/- being set off against the provision for post-war Development Schemes (vide Council Resolution dated 28 12 51)

(b) Approval of the Scheme for the housing of Sweepers and Scavengers of the Municipality by the construction of 40 houses of the type adopted at Hyderabad and 55 platforms for future development at the provision of Roads, drains, water, light etc at S no 148 of Naragowdanahalli at an estimated Cost of Rs 70,000/- and providing houses to members of the Cowmbalare gang, 9 families of whom now live at Bahadurkegere

(c) Rs 50 000/ to be met from the post-war Development grant and the balance of Rs 20,000/ out of municipal funds. ~~The proposition being~~

25) The Reason for Recommending the exclusion of the grant of Rs 13 894/ for the improvement of water Supply to the Harasnahalli Kaya mohalla is from the fact that the work was executed even before the allotment was made This line of argument is hardly convincing as the criterion is the date of debit. Also there is no other Source of meeting this Expenditure in the State Budget

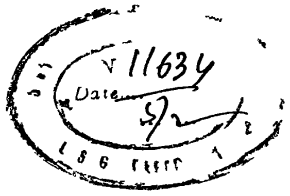
26) The actual amount available to the Mysore Municipality under this head is this only Rs 36 106/ The

26 State grant under Post war development Scheme

Reconstruction of quarters now proposed and the immediate shifting of 40 families from Bandikaderagere would help the removal of congestion and as an improvement of the Cooum neglected area and is in consonance with the orders of the Hon'ble Minister for L S G at para 17 above

27) The proposals of the municipal Council may therefore be approved subject to the modification that the cost should be met making use of the available grant of Rs 36,106/ supplemented by a municipal contribution of an amount equal to the difference in cost to be made up which as per the present estimate works out to Rs 33,894/ This however presupposes that the cost of repairing the roads and the palace even if required to be met by the municipality will not be debited to the post-war Development Fund

28) The Financial Secretary may also perhaps be consulted



Sec/ 2/2/52

Secy L SG) 29) 5/2/52

8/2/52

30) This may be put up after orders are issued re Gandhi Memorial Stupa

I believe it is proposed to ask the Mfy to meet Rs 12,000/ out of the B State grant for the works relating to the Stupa

32) A Govt grant of Rs 6500/- has been sanctioned for the work at the allotment of Rs 50,000/- under post war Development Scheme to the Municipality for the current year

33) Enclosing the grant of Rs 13,894/- sanctioned for the improvement of water supply to Varaccharaja Mohalla and Rs 6500 for the above scheme the balance available under the post war Development Scheme fund is only Rs 29606/-

34) Submit for orders - Ref para 30 & the orders above

Asst 5/3/52 Secy Lsg) 6/3/52

2nd Municipal Council's request for the grant of Rs 13894/- sanctioned for improvement of water supply in VR Mohalla Extn in GO dated 27/5/51 may not be debited against the provision of Rs 50,000/- in the

State Budget for grants to Mysore City Mlty cannot be amounted the sum of Rs 13894/- which is being paid to the Mlty during 1951-52 has to be debited to the provision made in the State Budget for 51-52 There are no grounds to obtain a fresh grant from the Legislature for this purpose

After deducting grants already sanctioned during 1951-52 (Rs 13894/- for improvements to water supply in NR Extn & Rs 6500/- for Gandhi Memorial Stupa) there is a balance of Rs 29,606/- out of the Budget allotment of ~~Rs 50,~~ Rs 50,000/- This may be permitted to be utilized for the Scheme for housing Sweepers

State Grant under post-war Development Scheme

6712
ne

who will be subject from Budubeda Kaken to SNo 148 of Haragondanahalli village. The Scheme is estimated to cost Rs 70,000/- including cost of design, construction of 40 houses & 55 plinths, layout, & water supply & lighting. The Govt grant will be Rs 29606/- and the balance has to be met by the Public

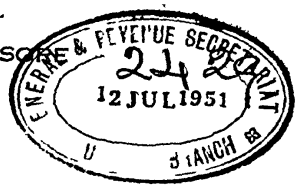
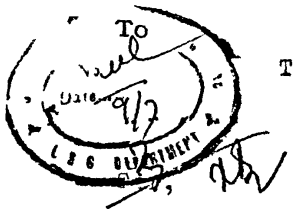
CITY MUNICIPAL COUNCIL
Mysore, Dated 3-7-1951

M AS 1077

FROM

Sri C Narasimha Loorty, M A ,
THE MUNICIPAL COMMISSIONER
CITY MUNICIPAL COUNCIL
MYSORE





The Secretary to Government,
L S G Department, Bangalore
(Through the President)

I write to state that the Mysore City Municipal Council have been doing their best to provide necessary amenities to the inhabitants of the city Out of a revenue of about Rs 18 lakhs as much as Rs 7 lakhs was provided for public health and sanitation, Rs 4 58 lakhs for public works and Rs 2 39 lakhs for maintenance and improvement of water supply in the year 1950-51 The City has been growing in size and the demands on the Municipal Council for civic services has been increasing The Municipal Council have taken several steps to augment their financial resources For instance, last year the mohatarfa was increased by 25% and the rates of daily fee levied in the markets were doubled This year the Municipal Council have sanctioned proposals to step up rents from markets so as to get an additional revenue of Rs 50,000/- A proposal to levy taxes on shops and places of business is pending sanction of Government They have also taken steps to increase revenue from the Sewage Farm and other properties Various other sources are also being tapped Seven villages are included within the limits of Mysore City and the revenue derived from them is but a part of the cost of providing Municipal amenities On account of the increasing needs of the city and the high cost of labour and materials etc , the finances of the Municipality are not found adequate to meet the demands on the Municipal Council

Mysore City attracts thousands of visitors in practically all parts of the year and particularly during special occasions like the Dasara festivities In recent times several international

Conferences have been held in the City On all such occasions the Municipal Council has to incur additional expenditure to keep the city clean and beautiful

Taking into consideration the special responsibilities of the Municipal Council, the Government of Mysore have been pleased to sanction grants from time to time for special occasions such as visits of distinguished personages Government have also provided a sum of Rs 50,000/- in the State Budget for 1951-52 as a grant to the Mysore City Municipality The Municipal Council are grateful to the Governmen for these grants The Council, however, feel that if instead of adhoc grants for special occasions, the Government are pleased to sanction grants every year from State Funds, the Municipal Council will be in a position to plan development works and provide for works of improvement systematically

I enclose herewith a copy of the resolution passed in this connection at a meeting of the Municipal Council held on 26-3-1951 and request that the request may be placed before Government for sympathetic consideration

Yours faithfully,

K. Narasimha Raj

Municipal Commissioner.

Proceedings of the Special Meeting of the Council (Budget) held the Municipal Offices on Monday the 26th March 1951 at 2 p m

===

1290A-20 Special Managing Committee Res No 478A-18/7-3-51 (Mal

The Managing Committee recommends to the Council that Government be requested to make a liberal annual grant to the Municipality for the purpose of civic amenities, taking into consideration the meagre financial resources of the Municipality and also the fact that the Mysore City is the capital of the State and attracts large numbers of tourists and visitors, and State functions such as Dasara Exhibition which attract large crowds, are held in the City and Government themselves arrange Conferences of National and international character which involve extra-ordinary responsibilities on the Municipality.

CITY MUNICIPAL COUNCIL
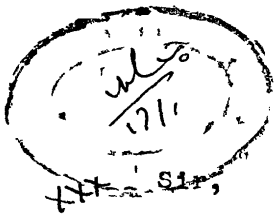
P B No 17
Mysore. Dated 11th Jan. 1952

From

THE MUNICIPAL COMMISSIONER;
CITY MUNICIPAL COUNCIL
MYSORE



The Secretary to Government
L S G Department, Bangalore
(Through the President)

Sir,

Subject State Grant under Post-war Development Scheme

17/1/52

In continuation of this office letter No.C2 P 49/51-52 dated 15-9-1951 on the above subject, I write to state that the question of proposing a scheme for the utilization of the above grant of Rs 50,000/- for the current year, was referred to a Joint Committee consisting of the Works Committee and Managing Committee members This Committee had before them the ...ment order No L 2319-22/ Cm 10-51-4 dated 9-7-51 directing, while sanctioning the revised estimate for improvement of water supply to N.R Extension, that the Government's share of cost of Rs 13,294/- be paid out of the grant of Rs 50,000/- They had also for consideration your letter No L 8431 dated 8-11-31 stating that it is perhaps appropriate to have the tarring of roads inside the Palace, executed through Public Works Department, and this office reply No C2 P 45/51-52 dated 17-11-1951, that proposals would be sent up for the utilization or otherwise of the sum of Rs 13,500/- required for the tarring of the roads (as intimated in this office letters Nos C2 P 40/51-52 dated 20-8-51 and 13-9-51) The Joint Committee recommended to the Council that both the above items of expenditure be excluded from being set off against the Government grant of Rs 50,000/- Copies of the resolution of the Council approving these recommendations have been sent to you separately under No C2 P 45/51-52 dated 5-1-52 and C2 P 34-30/48-49 dated 5/7-1-52 A scheme has now been formulated for the housing of sweepers and scavengers of the Municipality by the construction of 25 houses of the type of one adopted

in Hyderabad State (sample built in People's Park in the City and approved by the Council for adoption) and 25 platforms for development of the construction in the coming year with due provision for roads, drains, lavatory, water and light, in S.No 148 of Karagowdanahalli village at the north-western end of the city, a little below the Mysore Bangalore Railway line and just above the Jodi Thenginamara burial grounds . A copy of the scheme given by Municipal Engineer is enclosed for reference The Committee were in general agreement with the proposal but modified the same by increasing the number of houses to 40 and the number of platforms to 55, so as to provide housing accommodation for one set of sweepers viz, Coimbatore gang The aggregate cost according to the modified proposals comes to Rs 70,000/- as detailed in para 6 of their resolution dated 12-12-51, a copy of which is enclosed for reference The Committee recommended to the Council that the extra cost over and above the government grant of Rs 50,000/- be met by the Municipal Council

The Council duly approved of the proposals at their meeting held on 28-12-1951

I enclose a copy of the resolution of the council in this behalf and request that orders of Government may be obtained, to place at the disposal of the Municipality, the government grant of Rs 50,000/- for being utilised in the manner proposed

It is necessary to state in this connection that the locality where the sweepers and scavengers are at present put up, is most insanitary being ~~there therein~~ practically a big pit through which the sullage water of the northern area of the city - Mandi, in particular - flows towards the valleys existing in the northern outskirts of the city This is undoubtedly a black spot in the city The spot has been inspedted several times by the Hon'ble Ministers

for Local Self-Government and Health and it is the opinion of all that have inspected the spot that the sooner the sweepers are shifted from there, the better it would be for all concerned

The question was under the consideration of the Council for several years past but could not be pushed through for want of funds The council therefore were of opinion that this opportunity of Government grant of Rs 50,000/- should be availed of for the satisfactory solution of this urgent problem I request that orders of Government may be urgently obtained and the Government grant made available to facilitate work being undertaken immediately

Yours faithfully,

L S Swaminathan

For Municipal Commissioner.

Joint
Proceedings of the Meeting of the Works Committee & Managing Committee held on Wednesday the 12th Dec 1931 at 8-30 pm in the Municipal Offices

-4-

4 Municipal Engineer's note re scheme for shifting the Budududuke Keri from its present position and also enclosing an estimate in addition to Rs 50,000/- for the construction of the several types of ~~xxx~~ quarters referred to in his note

Perused the Municipal Engineer's note and inspected the site proposed for shifting the scavengers quarters from Budududukekeri The Committee resolves as follows -

1 The entire survey lands to the north of the road running from the railway gate to Bannimantap extension extending upto the aloe hedge in the eastern side of the railway line and upto the valley to the west of the existing Jodithenginamara burial ground marked in the sketch may be acquired for shifting the scavenger's colony from Budududukekeri

2 It was further resolved that, for the present, the scavengers belonging to Coimbatore numbering about 95 be accommodated in the layout to be formed in the above place

3 It was resolved that 40 houses be constructed at the first instance and in addition 55 platforms with basement, (to enable construction of houses later) be also put up and the scavengers allowe to put up tempoary structures on these platforms according to the plan to be given by the Municipal Council

4 Resolved that the 40 houses to be built be of the model adopted by the Hyderabad Government and according to the one now put up as an expemimental measure at the People's Park, the cost thereof being about Rs 800/- for each building

5 The plan should be improved by providing more ventilation by fixing cement fret work ventilators and also providing a good door

6 Resolved to modify the estimate given by the Municipal Engineer for the colony as follows -

1	Cost of acquisition	Rs 10,000
2	" of 40 houses 800 x 40	32,000
3	" Providing platforms(@ 55 houses)	11,000
4	" Formation of roads, providing slab drains and lavatory for 40 houses and 55 platforms	
	Roads @1400/-	
	4 sets of lavatories 3200/-	
	800 ft length of 2400/-	7,000
	Water supply & lighting	10,000
		70,000

7 Resolved to recommend to the Municipal Council that the extra cost over and above the government grant of Rs 50,000/- required for the formation of the colony and providing of amenities like lighting water supply etc be met by the Municipal Council

Office Note to Project No 4

City Municipal Office,
Mysore Dated 10-12-1951

Office Note. -Shifting of Bududbudakeker

At the last joint meeting of the Works Committee and the Managing Committee held on 7-11-1951 regarding submission of a report as to the works to be undertaken for execution out of the Government grant of Rs 50,000/- provided under'50 Civil Works' of the State Budget it was resolved that a report may be called for from the - Municipal Engineer to consider a scheme of shifting the slum areas of Bududbudukekeri and providing houses for the Municipal scavengers furnishing in detail the cost of acquisition of the proposed site and also the cost of the four types of houses now in use as scavengers' quarters in the City and also that of the Hyderabad type of construction now tried in the Peoples Park.

The survey Number No. 148/1 and 2 proposed to be acquired for shifting the Bududbudukekeri measures 4 acres and 27 guntas as per Chairman's letter No B2 C 184/48-49 dated 9-2-1949. The cost of acquisiton per acre as per mahazar estimate in the year 1949 at Rs. 650/- per acre comes to Rs. 3038-12-0 as worked in the margin, but as per award orders passed by the Land - Acquisition Officer in respect of S.No. 149 and other S.Nos contiguous to the above S.No. acquired for the formation of the burial ground near Jodithenginamara burial ground, the cost per acre has been fixed at Rs 800/- and according to this, the cost of the land comes to Rs 3740/-. The statutory allowance of 15% for the above amount of Rs. 3740/- comes to Rs. 561/- and the 25 years commuted assessment may be in the region of Rs. 100/- with cesses (the details of assessment are not available and a rough figure taking the assessment on 4 acres and 27 guntas of dry land at Rs. 3/- is deducted for this purpose. The total cost of acquisition in round figures it will not be more than Rs 5,000/- at the most If this has to be included in the scheme of shifting the Bududbudukekeri deducting the above sum of Rs. 5,000/- required for the acquisition of the land, the net amount available for the construction of quarters will be Rs. 45,000/-. The cost of the several kinds of houses - 4 types of houses built for sweepers in the extensions at present are as follows -

650 X 4 - 27
2600
438¾
3038¾

		Present valuation rate
1.	Jodithenginamara twin blocks of 625 Sq. ft.	Rs. 3200
2.	Chamaraja Mohalla sweepers quarters near A K Puram, 4 units of 53' X 24' cost of each unit	Rs 1908.
3.	Sweepers quarters at Kesare - 5 houses of blocks.	Rs 1600 for each in the block.
4.	Jalapuri twin houses of these tiled houses cost	1300
	the terraced houses cost	1400

The cost of the model type of houses as in Hyderabad, is on the basis of the sample unit built at Peoples Park, Rs. 1100/- It is likely that if a number of houses are built and tenders are called for, these, there are chances of getting lower tenders for the construction of these houses. With the above details an estimate for the scheme for Rs. 50,000 is enclosed

Kind orders are solicited if this note be placed before the joint meeting of the Works Committee and the Council for approval A draft estimate for the expenditure of Rs. 50,000/- is also put up for necessary reference.

Sd. V k Mukundan
Municipal Engineer.

Commissioner's remarks

How many tenements are there now in Budubudukekeri? Can they be classified in any way ie , Nellurmen, Coimbatore men etc., How many of them (families) are Municipal employees? In all how many sweepers families have to be provided with houses in the city as a whole?

Sir,

Subject - Improvement of Water Supply to Narasimmaraja Extension.

17/1/52 6359/mel L S G ----

Adverting to G O No L 2319-22 CH. 10-51-4 dated 9-7-51 and letter No nil dated nil addressed to you by the Chief Engineer of Mysore on the above subject (copy forwarded to this office in memo No 3791-93 dated 14-12-51 of the Chief Engineer in Mysore Bangalore) I write to enclose a copy of the resolution of the Council passed at their meeting held on 28-12-51 approving the recommendation of the Managing Committee to request the Government to be pleased to revise their order in respect of debiting their share of cost of Rs. 13894/- to the Grant in aid of 50,000 sanctioned under 50 Civil works during 51-52, in view of the fact, that the work in question was executed in 48-49, long before the Government made the above grant

In enclosing a copy of the resolution I request you kindl to obtain orders of Government, in the matter as the grant amount is proposed for the execution of a very important purose of providing houses to sweepers and scavengers of the Municipality which proposal is forwarded to you separately for obtaining orders of Government.

Yours faithfully,
(M S Swaminathan)
Municipal Commissioner

3 Def Sub No 275/22nd November 51 regarding Ref Sub. No. 370/30-7-51 of the Council regarding Government order No L. 2319-22 /CI 10-51-4 /10-7-51 sanctioning the revised estimate for Rs.36408/- for meeting water supply in the N R extension, the cost of work being met by Government and the Municipality in equal proportions, after setting off the anticipated savings of Rs 8620/- in the 6 64 lakhs scheme and a special grant for meeting the Government's share of cost of Rs 13,894/- being sanctioned from out of the Rs. 50,000/- grant made under 50 Civil Works Grant in aid to the Mysore City Municipality, for the post war Reconstruction scheme in the State Budget for the year 1951-52 and further office note thereon

The Committee is of opinion that the cost of Rs 13,894/- for work relating to improvement of water supply to N R Extension is one executed long before the allotment of Rs. 50,000/- now sanctioned as a Government grant to the municipality under postwar development scheme and cannot come under it Therefore resolved to recommend to Government to be pleased to modify their orders of debiting their share of Rs 13894/- to the above grant and exclude this item from the grant of Rs. 50,000/-

Sir,

Subject - Government grant under Post-war Development Scheme

I write to invite your attention to this office letter No C2 P 49/51-2 dated 15-1-1952 and C2 P 105/51-52 dated 21-1-1952 sending proposals for the utilisation of the Government grant of Rs 50,000/- made under '50 Civil Works, Post-war Development Scheme The proposal include the shifting of the sweepers' huts from one of the worst slum areas in the city to a newly selected spot As the official year is coming to a close, it is very necessary to obtain orders of Government early and in time to enable this office to draw the amount before the close of the official year and use it for the specified purpose I request you therefore kindly to obtain orders immediately to avoid any lapse of the budget provision

Yours faithfully,

(P S Swaminathan)
Municipal Commissioner
